

**Методическая разработка учителя английского языка Бигуловой Зарины Казбековны, составленная на основе грамматического материала Модуля 1 к учебнику Starlight 5 класс. Разработка содержит в себе почти 100 предложений с грамматическими ошибками.**

**Задача учеников:** найти все ошибки и исправить их. Упражнение очень нравится ученикам, они выполняют роль учителя, исправляют ошибки. Можно разрешить детям исправлять ошибки прямо на карточке, это экономит время и заинтересовывает учащихся ещё больше: они работают как настоящие учителя.

**Основная цель**– это предотвращение их перехода из разовых в постоянные. Учитель объясняет ученику, что было неверным, и помогает избежать этой ошибки в будущем. Иногда цель может быть гораздо шире: использовать ошибку одного ученика как основу для обучения всего класса.
